MOVING WITH PUBLIC SERVICE

The boats of the public transport service in Venice are called colloquially "vaporetti". There are 19 lines in active service that connect the various stops in Venice and the neighboring islands, such as, for example, Murano and Lido.

The name vaporetto is inspired by the steamships of the past, but was renamed by the Venetians because of its smaller size. The ACTV company, which provides the service, sells single or 12, 24, 36, 48 and 72 hour tickets. You can buy tickets at the tobacconist's near the Palanca stop.

The closest stop to the Hotel is Palanca, just 500 m (crossed two bridges), and the reference lines are the 4.1 / 4.2 or the number 2. For more information on ACTV public transport click the button below.

SHUTTLE SERVICE

Hillton shuttle service connects the Hotel with two stops beyond the Giudecca Canal: Piazza San Marco and Zattere. * With a frequent and regular service available seven days a week, it is the ideal way to explore Venice.

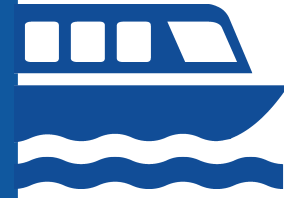

- Regular and frequent service
- Available only for guests of the Hotel and of the Bars and Restaurants
- Discover Venice and reach the center with ease

* NB: The shuttle service is available from Zattere starting from 7.00 pm, before this time you can use the ACTV public transport. The rate for using the hotel shuttle service is € 8.50 per person per stay.
